ゆりめく19
Today, we're at Yoriko-senpai's private beach.
Sayuri, let's change into our swimsuits in that locker room over there.
Yes, Senpai
Geez, Sayuri, making fun of me I'm not an elementary schooler
Don't tell me you forgot your underwear or something?
He he he.
Oh... You were already wearing it under your clothes
Yeah, I was just too eager to get to the water.
Could you bring my underwear from home?
...Tsubaki
whisper
She really forgot!

The sunlight is strong today, so we'd better use some sunscreen.
You're right
It's a heart throb situation.
It's difficult to spread it on your back, so I can do it
Huh!? Well Please do that then.
ドキンッ throb
Oh no, I'm so nervous
ピチ… snap
Hey, Sayuri, you're too stiff.
You're like a fish
It makes spreading the lotion difficult, so please relax.
こちょこちょ tickle

ビクッ! FLINCH
Ah!! Hey Senpai... Hyaah!
Did that help?
こちょこちょ tickle
I'm totally relaxed, I give up!!
After 30 minutes
Ee... eek...!
こちょこちょ tickle tickle
What to do... Senpai won't stop!

How is it?
Not ... yet
Ah... I can feel Senpai's hand moving
It's pretty near then
『 Oh... that was a blunder. 』
Our hands reached each other
The tunnel has been opened
Oh...
Sayuri, let's do something more fun next
I was the only one getting excited!
ドキ throb
Playing in the sand may be childish but
searching for each others' hands in the darkness of the sand is kind of romantic
ドキ throb

Here it comes, Sayuri!
ポン Pow
Yeah!
『I got really tired.』
That's because it's so light... If we had a heavier one...
The ball gets easily blown off by the wind...

Hehehe It was thanks to Sayuri's directions
roll
Mmm watermelon really does taste the best at the beach
What a way to eat it... Just the sweet center...
Because you split it, you can take your part first
Well, I shall do that then

The beach looks so small...
We drifted pretty far into the sea
「But we came this far...」
It's as if
this were a world with just the two of us
Whaa!
ドキン
BA-DUMP
Amazing!
It's just sea around us, Senpai
giggle
But if a shark attacked us now, that would be our end...
Oh, don't say such scary things, Senpai!
Well... Let's return to the beach then
splash

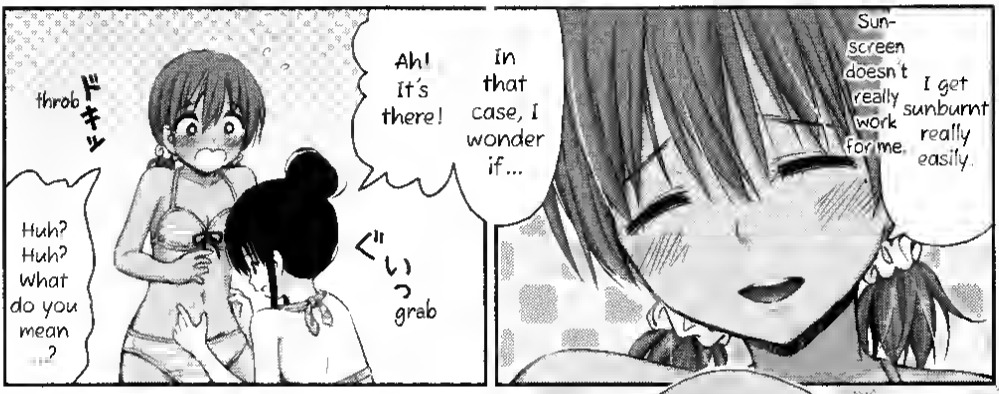
Already?! Did your own words scare you?!

Oh, are you sunburnt, Sayuri?
Oh... I really am then?

It's getting dark, so we should leave soon.
Yes.
『I took a picture of it later.』



throb ドキッ
Huh? Huh? What do you mean...?
Ah! It's there!
In that case, I wonder if...
grab ぐいっ
I get sunburnt really easily.
Sun-screen doesn't really work for me.

Hehehe, I'm sorry
Senpai, you prankster!

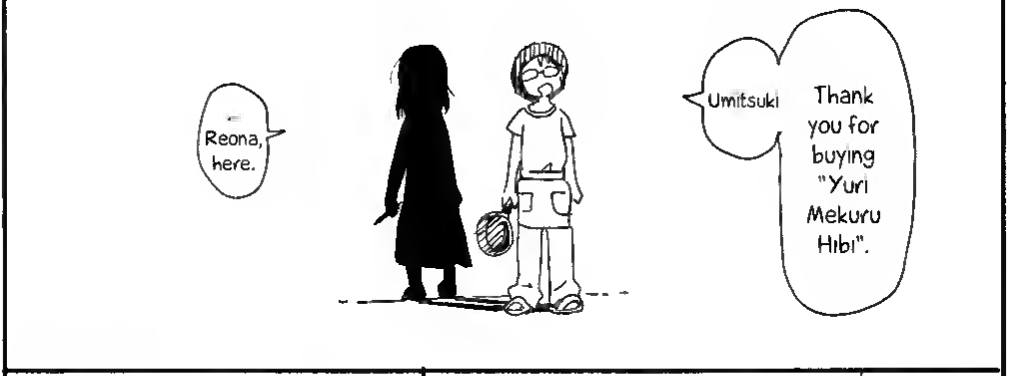
makes it seem like I'm Senpai's property, which makes me happy
...but this sunburn mark
I'm happy
If that was what she meant when she wrote it

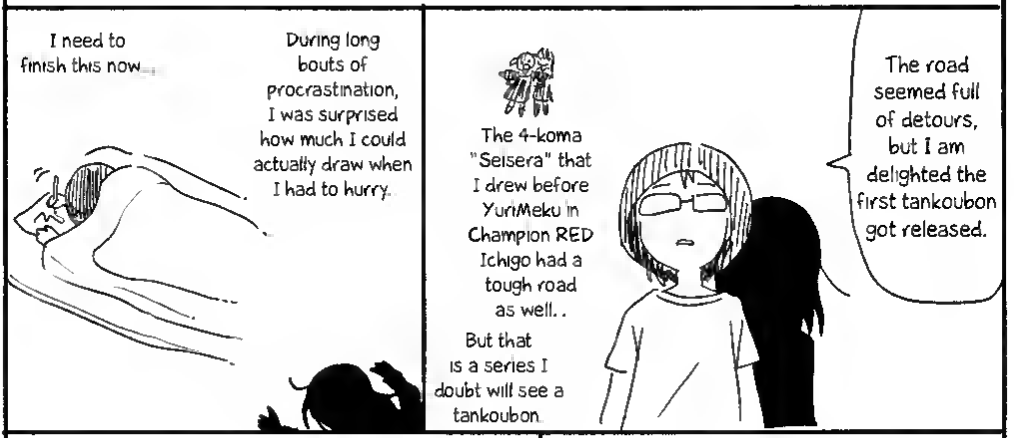
I secretly used a bit more sunscreen here to write these letters.

『ゆりめくる日々』／完

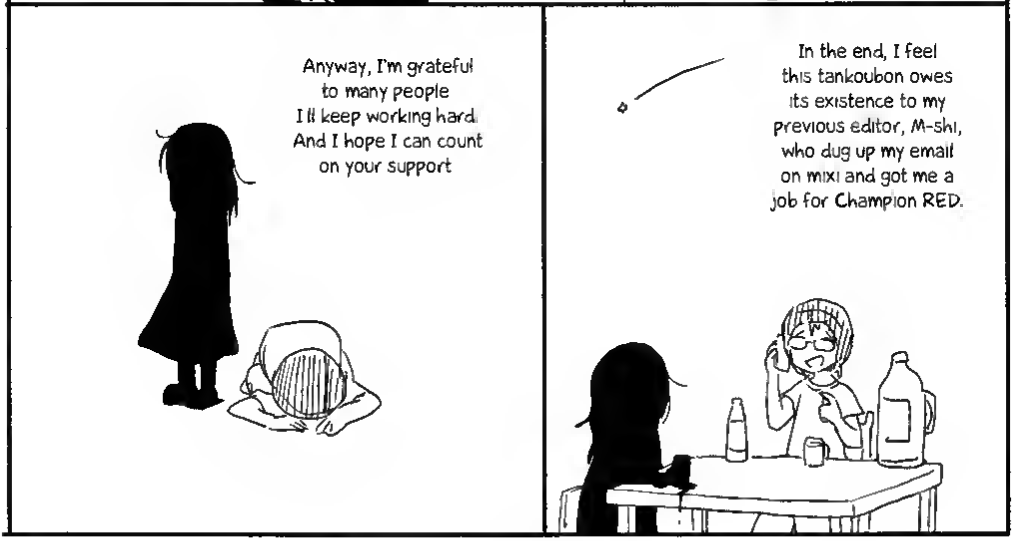
Afterword

あとがき





I need to finish this now...
During long bouts of procrastination, I was surprised how much I could actually draw when I had to hurry.
The 4-koma "Seisera" that I drew before YuriMeku in Champion RED Ichigo had a tough road as well..
But that is a series I doubt will see a tankoubon.
The road seemed full of detours, but I am delighted the first tankoubon got released.



Anyway, I'm grateful to many people I'll keep working hard. And I hope I can count on your support
In the end, I feel this tankoubon owes its existence to my previous editor, M-shi, who dug up my email on mixi and got me a job for Champion RED.
